

AUVECOPAK

50% More Coverage!!!!

We've replaced our popular 4 panel AP256 AuvecoPak Merchandiser with a new 6 panel version that provides 50% more coverage in the same amount of pegboard space.

A gondola is not included with the AP384S or the AP384L. Auveco customer service reps can recommend a source for gondolas.

The AuvecoPak merchandisers (**AP384S and AP384L**) provide **384** of the fastest moving, most popular automotive body hardware and specialty fasteners in a one-price package all on one **6-panel merchandiser**. Each panel contains 32 part numbers per side. The **AP384S (Starter Merchandiser)** consists of one package each of the **384 part numbers**. The **AP384L (Large Merchandiser)** includes two packages each of the 192 most popular items and one package each of the other 192 part numbers for a **total of 576 packages**.

With just a glance, two attractive header signs identify the AP384 as an Auveco merchandiser, the name synonymous with automotive body hardware and specialty fasteners. Front facing cards on the panel ends feature shrink-wrapped items to aid in distinguishing which products are located on each panel.

Initial set-up is as easy as 1-2-3 since the panels come "**pre-dressed**" with the AuvecoPaks already in place. Simply position the top and bottom brackets on a gondola or pegboard wall. Insert the panels into the brackets and you're ready for business.

An individual panel measures 6-1/2" (wide) x 17-1/2" (front to back) x 44-1/2" (high) – maximum coverage in minimum space. AuvecoPak 6-panel merchandisers (AP384S and AP384L) **fit on a gondola with 48" x 48" of pegboard** or on any pegboard wall.

The attractive green AuvecoPak packages feature eye-appealing, contemporary graphics with all the necessary application and descriptive information in **trilingual verbiage** (English, Spanish and French-Canadian) as well as locator codes that identify their location on the panels. The AuvecoPak part numbers are the same as the standard Auveco part numbers with an "AP" prefix. Thus AP11146 is the AuvecoPak version of 11146.

We've made re-ordering a snap by putting the AuvecoPak part number and a **UPC-A bar code** on the panel back-up boards beneath each hook. Then restocking the merchandiser is also quick and easy since the AuvecoPak packages contain **locator codes** (see typical package on right) that identify their specific location on the panels.

AP384S (Starter Merchandiser): one package each of 384 part numbers

AP384L (Large Merchandiser): two packages each of the 192 most popular items and one package each of the other 192 part numbers for a total of 576 packages.

QUIK-SELECT II - 18 NEW ASSORTMENTS

A Great Marketing Concept For New or Existing Accounts For Under \$50.00

If you're looking for more variety of coverage and want to be sure that there is enough product to finish the job, Quik-Select II is your answer.

Take the step up in body hardware coverage with Auveco's new Quik-Select II assortments. Quik-Select II's feature a polypropylene box that's larger (13-1/16" Wide x 8-13/16" Deep x 2-1/4" High) than our regular 6800 series Quik-Select assortments, and thus not only provide a larger variety of parts in each assortment but they also contain a greater number of each part per compartment.

The assortments come in 12, 18 and 24 compartment, translucent, durable polypropylene boxes with lid labels complete with O.E.M. numbers, sizes, product pictures, code 128 barcodes and the Auveco part numbers for ordering refills.

PUT AN END TO CONTINUAL TAILGATE REPLACEMENT!

Not Actual Size

20872 UNIT PACKAGE: 1

2004 - 1999 full size GM Pick-Up Trucks are originally equipped with galvanized, braided steel tailgate cables that may corrode, weaken and eventually break.

Auveco's new 20872 stainless steel tailgate support straps are the ideal replacement. Our support strap is stronger and more durable than a cable. It mounts the same as the original cable, uses the same hardware and can be installed in 15 minutes. The 20872 can be used for both sides of the tailgate.
